

# multi-purpose time recorder

*Internal Light for  
Easy Viewing*

This time recorder can do it all. The 5000E operates as a time clock, time stamp or numbering machine. Simply select from one of dozens of preset print formats including 24HR, 1/100ths of an hour, and seconds printing. Provides advanced features such as customizable comment printing on up to three lines, 6-digit sequential numbering, and a lithium battery that keeps time during power failures. Perpetual calendar changes year, month, and date automatically. Additional features include an internal light for easy viewing, and a large LCD display which shows time, date and day. Key lock with optional password for added security.
